### Official Information Act Transfer

Tēnā koe Kay

I refer to your official information request received on 13 May 2026 for information regarding sodium fluoroacetate.

The Environmental Protection Authority (EPA) does not hold part of the information you have requested, specifically:

*Three. The basis for the provisional Maximum Acceptable Value of 3.5 micrograms per litre for 1080 in New Zealand drinking water including what toxicological studies or international guidance it was derived from?*

*Five. A copy of any review of the 1080 drinking water MAV that has been conducted prior to 2021.*

However, we believe the Ministry of Health does. Therefore, we have transferred these parts of your request to the Ministry of Health under section 14(b)(i) of the Official Information Act 1982.

You will hear further from the Ministry of Health concerning those parts of your request. You can contact [mohoia@health.govt.nz](mailto:mohoia@health.govt.nz) for further information.

Nāku noa nā

Jean McDowall
