Dear Cody

I refer to your Official Information Act request of 17 April 2016 for information about fixed speed cameras.

You requested:

*The precise locations of fixed speed cameras.*

Police is concerned that the publication of the precise location of fixed speed cameras may trivialise or sensationalise high speeds and potentially create an environment where people may speed everywhere but where the cameras are located. Therefore your request is withheld pursuant to section 6(d) of the Official Information Act 1982 as the making available of the information could endanger the safety of any person. Identification of the precise location may also lead to camera infrastructure being damaged. Additionally, despite their name, fixed speed cameras are mobile and are regularly rotated between different sites within a Police district.

Police is however able to provide information that shows the locations of the fixed speed camera sites by road segment. Please refer to the attached table which identifies the location of all fixed speed camera sites by segment in New Zealand.

You have the right to complain to the Ombudsman in writing to seek an investigation and review of my decision if you are not satisfied with the way I have responded to your request.

Yours sincerely

  
Inspector Peter McKennie  
Acting National Manager Road Policing
