Growth Grant value is 20% of a qualifying business's eligible R&D expenditure, capped at \$5m per annum. We do not release individual Growth Grant values as we consider this information to be commercially sensitive and that we would be breaching confidence with our customers if we released sensitive financial information.

Therefore, this information is being withheld pursuant to these sections of the OIA:

- 9(2)(b)(ii) – This section provides that an organisation may withhold information where necessary to protect information where the making available of the information would be likely unreasonably to prejudice the commercial position of the person who supplied or who is the subject of the information.

- 9(2)(ba)(i) – This section provides that information may be withheld to protect information which is subject to an obligation of confidence, where the making available of the information would be likely to prejudice the supply of similar information, or information from the same source, and it is in the public interest that such information should continue to be supplied

**4. What is / was the involvement of the (ex) Wynyard Group Managing Director with Callaghan Innovation? Did any conflict of interest occur and how were these managed?**

Craig Richardson was a member of the Board of Callaghan Innovation and a member of the Audit & Risk and Grants Sub-Committees from February 2013 to September 2015. All conflicts are declared and recorded in our register and managed through that process (refer to answer below).

**5. What is / was the involvement of the Callaghan Innovation's Chairwoman with Jade Software? Did any conflict of interest occur and how were these managed?**

The Chair of Callaghan Innovation became the Chair of Jade Software in October 2016. The Chair declared her conflict of interest which is recorded in our register and managed through that process.

The Conflict of Interest process is as follows;

- The Callaghan Innovation, Office of the Chief Executive and Board, maintains a Board Interest Schedule.
- This is published in the Board papers and is considered at the beginning of every meeting. Any new interests that are either declared at the meeting, or during the month are updated on the schedule immediately and noted in the minutes.
- During the year Callaghan Innovation proactively checks the Board Interest Schedule against any potential grant applications to ensure there are no potential conflicts likely to arise.

The Audit and Risk Committee specifically request that, as part of the Annual External Audit conducted by PriceWaterhouseCoopers, (external auditors) that attention is paid to the conflicts of interest of the Board of Directors due to the importance and sensitivity around the administration of Grants.

If there is discussion or decisions made at Board level, where a member has a potential conflict, that member is excluded from that discussion.
