Dear John

Request made under the Official Information Act 1982

Thank you for your email of 24 February 2017 requesting the following information under the Official Information Act 1982:

Could you please provide a copy of the relevant parts of the geotechnical investigation report for the development of the Arras Tunnel by the NZTA Memorial Park Alliance.

I request both the factual investigation information from site investigation works and the subsequent interpretative report based on the factual investigation information.
