Hi Ona

Janice is on leave today so I asked <sup>S9(2)(a)</sup> in the Palmerston North office to provide me with an update.

Below is his response:

Progress is as follows

- <sup>S9(2)(a)</sup> has updated <sup>S9(2)(a)</sup> prior to Christmas
- We have met collectively with Arohamai Literacy Horowhenua and Pasifika for Tomorrow to discuss progression to umbrella the project
- Arohamai Literacy Horowhenua are willing to take the lead role in the project (umbrella) and are working an MOU to work to and will provide that to <sup>S9(2)(a)</sup> for checking alignment to the criteria for the fund.
- Waiting on Pasifika for Tomorrow to confirm details to <sup>S9(2)(a)</sup> of confirmation progressing the project with ALH
- Once received and details confirmed <sup>S9(2)(a)</sup> will take next step to update agreement and all details with <sup>S9(2)(a)</sup>.

Cheers

Happy New Year and welcome back to 2017 ☺

I just wondered if there was a bit of an update on how this one is going given the changes

Many thanks

Ona

Hi Ona

Please find a brief summary on what has been progressed with the below CDS provided by <sup>S9 (2) (a)</sup>

Pasifika for Tomorrow is a small Pasifika group that has been working alongside Life to the Max Horowhenua (LTTM) to secure a Community Development Scheme. Several discussions have been had between the group, LTTM and the department about community development and the outcomes for Pasifika in Horowhenua.

A new work plan and budget has been submitted and accepted with a strong emphasis on:

- Increasing Pasifika community participation
- Celebrating cultural identity
- Building relationships with a Pasifika perspective and
- Pasifika leadership

Unfortunately one of the key personnel from LTTM has left. LTTM has had several meetings and no longer feel that the Pasifika programme is a good fit with them as they wish to focus on their core business of youth development. Pasifika for Tomorrow has identified a new organisation that are interested in supporting and mentoring them through the community development scheme. The community group already runs literacy programmes for Pasifika in the community and would be a good fit.

I have undertaken to obtain some feedback on what has been progressed / clarified in relation to each scheme so if you could please each provide a brief summary to <sup>S9 ( 2 ) ( a )</sup> by the close of play on 4th November we will then put something together for the Panel

Many thanks

Ona

The Pasifika community in Horowhenua is a fast growing population. The vision of this project is for the community to become a thriving and connected community with their health, social, education and economic needs being met.

A number of fono have been held that have brought the Pasifika community together and it has emerged that a number of the Islands are prepared to work together to progress community development. Samoan, Tongan, Kiribati, Tuvaluan and Papua New Guinea community members, church leaders,

Horowhenua District Council, schools and employment places are working together so that Pasifika can realise their dreams and come up with solutions to their own issues. The Community Development Project Worker will support a community development framework for this Pasifika community.

**Janice** – Crown Panel were keen to support this request as a Pasifika led CDS in an area of high Pasifika population growth and believe this has lots of potential to achieve community value. Concern was that the planning identifies a “navigator” role and some of the framing relates more to a service delivery function – connecting individuals with services. The Crown Panel asked that this be clarified with the group and that there is some support to ensure that the scoping has a clear CD focus.
