Dear Harriet

Local Government Official Information and Meetings Act 1987

CAS-457507-T8Y3M4

Thank you for your request of 4th May relating to AT's implementation of the Auckland Councils City Centre Masterplan.

I can confirm that there is no business case specifically relating to the delivery of the six listed projects (the CCMP Transformational Moves being Council projects), although a previous LGOIMA request has provided the draft Midtown East West Bus Improvement IBC, a transport project that needs integration considerations with the proposed Victoria St linear park. Similarly, there is no additional material relating to Queen St beyond documents already provided for the LRT project.

Auckland Transport, along with the other Council CCOs, is currently involved in a review and prioritisation process with Auckland Council relating to city centre projects, including those six listed. This process will result in an updated programme of city centre projects for consideration by a cross agency Project Control Group, ahead of presenting this proposal to elected members as part of upcoming LTP planning. This work is only in early stages and will be developed over coming months. Accordingly, whilst AT continuously monitors and assesses city centre travel patterns and plans for future projects, AT has made no decisions on any transport improvements that may impact the six listed projects, we therefore have no material that meets this LGOIMA request.

It is expected that there will be more public material available from Council on the CCMP projects in coming months.

We trust the above information has addressed the matters raised however, should you believe that we have not responded appropriately to your request, you have the right in accordance with section 27(3) of the LGOIMA to make a complaint to the Office of the Ombudsman to seek an investigation and review in regard to this matter.

If you have any further queries, please contact me on (09) 355 3553 during business hours, quoting Local Government Official Information request number CAS-457507-T8Y3M4.

Yours sincerely
