Dear Ms Black

Official Information Act Request

Thank you for your email of 27 July 2017 in relation to our response to your OIA request of 7 July 2017. As requested, we have reconsidered our response and now consider that we are able to release the requested information. Please note that we have interpreted your question as being specific to our adult services (i.e. not including our forensic services). Our response is as below.

- There are a total of 10 cameras that are located in the public areas of the Henry Rongomau Bennett Centre (HRBC). These look at the main entry, reception and security booth areas of levels 1, 2 and 3. There is one camera that looks at the rear entrance and there is one outside camera that looks towards the front, Selwyn Street (vehicle) entrance. All cameras are visible and overt.
- None of the cameras look specifically at patient or patient care areas and there are none in clinical areas.

I hope this information is helpful. If you require any additional information or require further assistance, please let me know.

Yours sincerely

Derek G Wright

Executive Director

Mental Health and Addictions Services
