Financial Performance (\$)

KPI 1: Annual Acquisition Plan Achieved (%)

	Q1	Q2	Q3	Q4	YTD	Target
TMP - television ¹	26.6%	28.6%			55.2%	2,000 hours
TMP - radio	38.4%	8.5%			46.9%	2,000 hours
Television	33.4%	29.1%			62.5%	5,000 titles
Film	6.8%	10.7%			17.5%	400 titles
Radio	27.4%	28.2%			55.6%	1,600 titles
Music	29.6%	14.2%			43.8%	500 titles
Digital Collections	21.1%	37.5%			58.6%	800 titles
Total titles accessioned	30.5%	24.9%			55.4%	12,300

¹This figure has been corrected to reflect television hours broken out but does not include cataloguing. Variance

TMP Radio - Downturn in the second quarter reflects Nov/Dec wind down time for the radio stations - less new content

Film - This figure does not reflect current work re-accessioning existing titles as it does not involve creation of new titles. A focus on new film titles in Q3 and Q4 will raise this total.

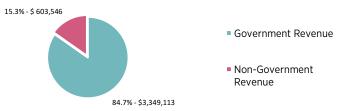

Music - the Collection Developer responsible for music was asked to cover other duties for 2 -3 weeks and was away on extended leave for 5 weeks during this quarter. He is confident that the overall annual target will be met.

Collection Development

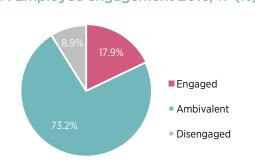

Highlights this quarter:

- "The Outlook for Someday" video competition has been running for ten years. Connected Media have deposited H.264 copies of all winning entries, 20 per year, from 2009-2016.
- Engaging with Te Kōhanga Reo National Trust by presenting footage from several titles from the 1980s and 1990s at the national Kōhanga Reo expo in Hamilton.
- · Gregor Nicholas has expressed appreciation for the efficiency we are showing with a depositor retrieval of master film materials for two of his shorts.
- Academy award nominated Brian Brake documentary "Snows of Aorangi" proved to be one of the most complex film preservation tasks to be successfully completed last year.
- Four Merata Mita films have been fully preserved to the Digital Archive Keskidee Aroha, Waitangi: Story of a Treaty. The Bridge and Karanga Hokianga.

KPI 4: Revenue from non-government sources (\$) YTD

KPI 7: Employee engagement 2016/17 (%)

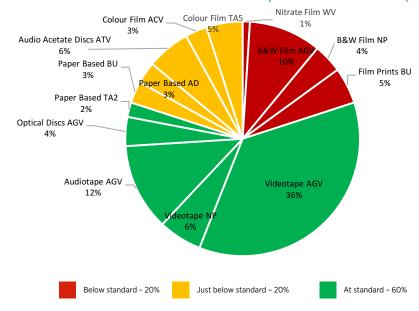

Key Performance Indicators

	Q1 Results	Q2 Results	Q3 Results	Q4 Results	YTD Results	Annual Target
KPI 1: Percentage of Annual Acquisition Plan Achieved	30.5%	24.9%			55.4%	90%
KPI 2: Percentage of collection housed in best practice conditions	60%	60%			60%	60%

WV	Whitireia Nitrate Vault	15 °C	40%RH

KPI 5: Number of visits/views/listens (all sources) (#) YTD

Key Variances & Developments

Major Budget Variances

Major variances: Revenue

YTD Donations, Fundraising and Grants are down \$66k as work efforts focussed on the Patronage launch and campaign. Work is underway to address the shortfall by identifying more fundraising projects, increasing grant applications and patronage donations, and to establish a compelling sponsorship offering for Ngā Taonga.

Major variances: Expenditure

Salaries (including Kiwisaver) have YTD savings of \$345k as we have had a number of vacancies over the period. We have filled some of these roles, in addition to continuing our recruitment efforts.

Other savings in anticipated spending include ICT of \$70k (resulting from spend being re-phased over the later part of the year). Depreciation of \$23k, and a number of savings in other cost categories

Significant Achievements

- George Andrews, iconic television producer, is to deposit documentation, radio and television material that is not in our collection, and working with us to create a chronology of his significant career and achievements.
- Deposit of 67 nitrate films including unique footage of Napier Earthquake and other gems

Significant Risks and Opportunities

Since the completion of our Strategic Plan 2016-2024 a significant amount of effort has gone into establishing a strong foundation for the organisation to achieve its aspirations. Key risks and opportunities under active management are:

 $\underline{Relationships\ and\ reputation:}\ A\ stakeholder\ management\ framework\ is$ being developed, and a more inclusive approach to planning and decision making has seen significant improvements in this area. Work in the coming months will focus on improving our customer service and building on our key stakeholder relationships.

Revenue: Although our finances are more stable, they remain a risk for us especially around cash reserves. The nature of our non-governmental funding places us at risk as it is harder to plan and forecast.

Accommodation: Work is progressing on future accommodation options Natural Disaster: In general, collection/heritage organisations need to have more sophisticated plans in place to manage natural disasters, and Ngā Taonga is no exception. Although we cannot eliminate this risk we have done our due diligence around mitigating it and believe we have

taken the best measures to secure the collection and our people.

KPI 3: Collection available (subject to rights clearance) (%)

Format	Able to preserve	% preservable at current resource level ¹	% of total collection	Limiting factors
Film - all gauges (silent)		80%	6%	Colour grading needs outsourcing, material condition.
Film - all gauges (optical sound)		50%	14%	Colour grading needs outsourcing, some formats not available.
Film - mag. sound		50%	2%	Equipment available but not in service.
Video 2-inch		90%	>1%	Equipment nearing end of life, collection nearly fully preserved.
Video 1-inch		80%	4.5%	Equipment nearing end of life, collection nearly fully preserved.
Video ½-inch		0%	>1%	Unable to preserve in NZ (although we do have a contractor Australia).
Video Betacam SP		20%	10%	Equipment nearing end of life.
Video Digital Betacam		20%	26%	Too few head hours available. Large proportion of collection.
Video Umatic		80%	6.5%	Equipment nearing end of life, parts are scarce.
Video VHS / SVHS		30%	13%	Too few head hours available. Large proportion of collection.
Video DV / mini-DV / DVCam		50%	>1%	Too few head hours available.
Video HDCAM / HDCAM SR		100%	>1%	Modern format.
Audio - disc formats		100%	4%	Equipment in service, new styli purchased recently.
Audio - 1/4-inch ORT		70%	1.5%	Equipment nearing end of life.
Audio - DAT		30%	>1%	Too few head hours available, equipment is scarce.
Audio – cassette formats		90%	3%	Too few head hours available.
Audio – multi-track		30%	>1%	Do not have equipment for all formats.
Audio - CDR		70%	>1%	Unstable format.
Documentation - posters		80%	>1%	Larger items must be outsourced.
Documentation - photographs		30%	2%	Volume too high.

Estimates pending actual collection analysis data

KPI 6: Delivery of targets in the Iwi Engagement Annual Plan 2017/18

Measure	Q1	Q2	Q3	Q4	YTD Total	Annual Target
Meet with iwi/Māori organisations to discuss possible relationship arrangements	3	4			7	5
lwi/Māori screenings delivered	5	6			11	3
lwi/Māori exhibitions online	1	0			1	3
lwi/Māori internships completed	0	0			0	3

At the request of Uenuku Charitable Trust we travelled to Raetihi to screen material relating to Wainuiārua (Central Whanganui River) and were taken on a tour of their areas of importance on the Whanganui River. We also met with researchers from Raukawa and had a second hui with Moriori regarding Treaty settlement.

Screenings were held for:

- Ngāti Ranginui, Tauranga Moana;
- Navajo Ute delegation (hosted at Te Anakura)
- National Weavers Hui, Rotorua
- Tühonohono i Ngā Taonga ā-Iwi, Kaitaia
- Uenuku Trust Screening Raetihi
- Te Kōhanga Reo National Trust Expo, Kirikiriroa

Notable requests for collection items in this quarter include: Te Whakaminenga o Kāpiti [Te Āti Awa ki Whakarongotai, Ngāti region, for travelling exhibition to be launched on Waitangi Day 2018 and Māori Education Trust: research and supply of audio on the Trust's history for use on their new website.

² Estimated proportion of collection as a whole. Standard counting and data not available across all collections yet.
