Dear Ms Robinson

Further to my letter of 23 August 2013, and your subsequent email on the same day, please find the Council response to the question raised in that email, namely:

“To fully answer my OIA request, you would now simply need to confirm that there are no other documents held by the Council that ...reference any of the following: Richard Reid; Richard Reid and Associates; Option RR...” that are not already on that publicly available list of links you have provided (and of course are not commercially sensitive).”

I have consulted with the relevant Council officers and teams and can report that there is no further documents held that reference the subject material you are seeking.

Please accept my apologies for the time taken to provide this response.

Yours sincerely
