Hey Ana

Attached is some information that Soon sent through to help respond to Withheld under section 7(2)(a) questions of which I have also attached the summary.

If you have some time in the morning I would be super grateful if you were able to look through and draft up a suggested response. I think we can do one email for the three that aren't the FYI response and a separate response for the FYI one.

Let me know if you've got too much on! Just conscious I haven't had a chance to get to it 😊

Cheers and thank you!
